## Oil Supplement

Part #: HPL201

32 FL OZ (946 mL)

### Heavy Duty Oil Supplement

Hy-per Lube® is a 100% petroleum oil performance booster that has been formulated with premium base oils and petroleum-extracted additives. Hy-per Lube responds to various and changing demands of all engines, differentials and gear boxes, regardless if old or new. Works with all lubricants including petroleum & synthetic engine oil, ATF and gear oil. Use in Gasoline & Diesel Cars, Trucks, SUV's, RV's, Semis & Tractors for Automotive, Industrial, Construction, Heavy Duty and Racing. High performance protection for everyday driving. Making new and high-mileage engines run better and last longer for over 50 years. Turns petroleum and synthetic oils into a hyper-performance lubricant.

- Extends Engine Life
- Eliminates Dry Starts
- Prevents Oil Breakdown
- Reduces Friction & Wear

#### Don't Just Stabilize Your Oil...Improve It 5 Ways with Hy-per Lube

- 1. Increases Film Strength:** Over 75% of internal wear occurs during the first few seconds of engine startup. Hy-per Lube Oil Supplement leaves a protective film that will not run off of all internal parts including cylinders and gears, providing complete protection against start-up wear.
- 2. Lowers Temperature:** All lubricants can foam. Foaming restricts the oil's ability to dissipate heat which increases operating temperature leading to premature wear. Hy-per Lube's anti-foam capability reduces foam, helps extend engine life, and lowers operating temperature.
- 3. Prevents Thermal Breakdown:** High performance additives ensure against viscosity and thermal breakdown. Hy-per Lube's 100% petroleum-based formula provides protection between oil changes and can extend oil life by up to 50%.
- 4. Reduces Friction:** Friction modifiers increase engine lubrication in new and old engines. Reduced friction extends engine life, provides more power and can increase fuel economy. This is a benefit for new and old engines, and will not void any warranty.
- 5. Quiets Noise:** Heavy duty extreme pressure additives greatly enhance oil's ability to cushion and absorb mechanical shock. In older, worn, engines Hy-per Lube also increases oil pressure to reduce lifter & valve ticking, knocks and other noises.

#### Instructions For Use

Add Hy-per Lube Oil Supplement to your favorite brand of oil at or between each oil change.

- Gasoline Engines—Replace 1 quart of oil with 1 quart of Hy-per Lube in 4 to 6 quart systems. Larger systems use 20% by volume. (Up to 2 quarts in worn high mileage engines)
- Diesel Engine—10% by volume
- Manual Transmissions—20% to 40%
- Differentials—20% to 40%
- Gear Boxes—20% to 40%
- Assembly Lube—100% Hy-per Lube
